In Millbury National Bank,	\$246 32
In hands of Librarian,	15 06
	<hr/> \$261 38

This balance on hand is subject to drafts for \$50, for rent and salary to April 1, 1878, leaving balance in our hands after that date of \$211.38.

STATISTICS.

Whole number of volumes in the Library March 1,	
1878, for circulation,	3,185
For reference,	163
Total,	<hr/> 4,348

Number purchased during year,	320
Number taken out during year,	7,883
Number of persons taking during year,	562
Number of volumes charged and not returned,	2

GENERAL SUMMARY.

During the year the Trustees have carried out the plan suggested in their last report :

The Library room proper has been connected with the adjacent room occupied by the Town officers, by means of a delivery window through which all books have been delivered to persons in waiting in the latter room.

This arrangement has not interfered with the occupancy of the adjoining room by the other Boards of Town officers, has been more convenient for the public, and has given us more room in the library in which to arrange our books.

We have put into the library a double book case capable of holding two thousand volumes, and with the usual rate of increase this will give us shelf room for a number of years.

We desire to express our thanks to the other boards of officers, and to the owners of the rooms for their ready assent to these changes.

We have prepared and issued during the year, a new catalogue containing the titles and numbers of books added to the library since 1875, the date of the last supplement.

It contains six hundred and six titles, of which three hundred and twenty are of books purchased during the year ; the remainder were upon manuscript catalogues made from time to time as they were purchased.

The books upon the new catalogue may be classified as follows :

Fiction,	210
Biographies,	94
Histories,	90
Travels,	48
Poetry,	12
Miscellaneous,	152

An examination of the new catalogue will show that while we have not overlooked works of fiction by our best authors, particular attention has been paid to those of a more educational character, it appearing to us that the chief reason which justifies the creation and maintenance of an institution such as our town library at the common expense, results from the consideration that it is part of a general scheme of public education which experience approves.

The number of volumes taken during the year is less than that reported in former years, and this results not from any lack of interest or desire for reading on the part of the people, but rather from the fact that the library was unnecessarily closed a considerable time while alterations were being made; since its re-opening it has been apparent that there was an increased use being made of it, and that it maintains its hold upon the public interest, and supplies the wants of the community in a reasonably satisfactory degree.

We ask that an appropriation of \$100, and the dog tax, may be made for its support during the coming year.

Engineer's Report.

In presenting their Annual Report, the Engineers would say: The Fire Engines are in better condition than for years past. The practice heretofore has been to expend as little as possible for repairs in order to keep within the appropriation, until it had become necessary to make certain repairs in order to have the engines in good working condition. What is a Fire Department good for unless the machines are kept in condition for service? Engine No. 4 we found in bad condition, the spokes in one wheel all broken off in the hub, and the other three needing repairs, caused, in our opinion, by running the machine out and into the house over the stone gutters, and liable to break down in going to a fire at any time. There could not have been a poorer location for an engine house than the present one for No. 4.

No. 3 Engine located in Bramanville, has had to be repaired at considerable expense. The cylinders were found in bad condition and liable to give out at a fire any moment.

No. 5 located at West Millbury, we found in worse condition than the other two; with an apology for a rope, and hose pipe with two lengths of suction hose entirely unfit for service, which had to be replaced by new ones. Also a new rope and discharge pipe were furnished to take the place of the old ones. Some of the wheels on the engine were found fast on the axle-tree, in which condition it was probably hauled to the fire and returned, showing the good working condition the machines were in according to the last report.

The engines have been so long in use they are a constant source of expense. We would recommend the disposing of them and the purchasing of new ones which the companies will take some pride in keeping in order.

There have been four alarms but only one fire that was very destructive, which was on the night of the 19th of May, when the large barn belonging to the estate of the late J. G. Wood, was entirely consumed with several head of horses and cattle. Engine No. 5 responded promptly but was of but little use ex-

cept in protecting the other buildings. Nos. 3 and 4 being so far away did not arrive until the barn was nearly consumed. The second and fourth alarms were caused, one by a fire in Oxford, the other by the burning of a building in Sutton, the light from both being plainly seen in Millbury.

On July 6th, at 10:30 P. M., a fire was discovered on the roof of the building owned and occupied by John Martin as a foundry, which was soon extinguished with the aid of the force pump connected with the sash and blind shop of C. D. Morse. Damage slight.

Knowing the engines to be in better condition than they were a year ago, but still needing some repairs, we would recommend an appropriation sufficient for the pay of the men and what supplies are necessary; also enough to paint and varnish the engines, which they sadly need if they are to be retained. We would recommend an appropriation of seventeen hundred dollars (\$1700.00) for the ensuing year.

The following statement taken from the records will show the expenditures for the year ending February 28, 1878:

May 5, 1877, received from Town Treasurer on order from Selectmen,	\$1,500 00
Aug. 1, received on order,	15 71
Sept. 19, " "	95 73
Oct. 5, " for old hose,	15 00
May 5, Paid firemen No. 4, 45 men,	\$450 00
tax payers " poll tax refund-	
ed,	82 00
stewards' bill No. 4,	16 60
Samuel Sawyer, engineer,	8 00
" " repairs No. 4,	1 50
Dunton & Winter, bill supplies	
for 1875-76,	1 56
B. T. Rice, coal for No. 4, Dec. 5,	2 00
bill Millbury Machine Co., re-	
pairs on No. 4, March 1, '77,	14 53
No. 4 to and from Machine shop,	2 00
Firemen Co. 3, 40 men \$10,	400 00
tox payers poll tax refunded,	68 00
P. Comisky, steward No. 3,	10 50
Myro Flagg, assistant "	8 00
" " repairs "	3 00
O. Z. Bartlett, engineer,	5 00
Wm. Fehan, bill repairs April	
12, 1876, No. 3,	2 25

May 5, Paid	Firemen Co. 5, 35 men, \$10,	350 00	
	tax payers " poll tax refund-		
	ed,	60 00	
	J. L. Bonzey, steward No. 5,	12 00	
	S. A. Savary, bill Oct. 30, 1876,		
	repairs on engine No. 5,	2 50	
	S. A. Savary, bill Nov. 4, 1876,	3 50	
	J. F. Hobbs, service as engineer,	4 00	
May 20,	F. Vanorman, hauling engine,	1 50	
June 20,	" express on hose,	50	
26,	for packing No. 4,	1 65	
July 2,	for hammer and wrench No. 4,	1 75	
6,	Geo. W. Mallalieu, repairs No.		
	4,	2 50	
12,	for repairing rubber coat and		
	pants,	1 55	
20,	Dike & Slocumb, cleaning No. 5,	4 00	
30,	J. A. Barton, repairs No. 4,	4 25	
Aug. 1,	for lantern No. 4,	1 00	
	" rope " 5,	5 31	
Sept. 3,	" leather for packing No. 4,	65	
	C. F. Redding, bill for refresh-		
	ments at Wood's fire,	7 81
